BOSTON DIRECTORY,

EMBRACING THE

CITY RECORD,

A GENERAL

Business Directory.

BOSTON:

PUBLISHED BY GEO. ADAMS,

PREFACE.

With the present issue, the 49th volume of the Boston Directory is presented to the public. The growing experience of the Publisher confirms the necessity of unceasing vigilance to render the Directory a reliable and useful work.

An ornamental title-page adorns the present volume. The views of some of the Public Buildings, the Common, the City and its harbor are represented upon it.

During the past year death has taken from our community many venerable men, whose useful lives and sterling worth are their most enduring monuments. The name of one belonging to this much respected class of citizens is to be found in the Directory of 1789, the first published in Boston. While it thus becomes our painful duty to erase familiar names, it is pleasant to greet new faces, and enrol their names upon the passing record.

We have to record a large increase this year principally of active business men. The erection of stately mercantile houses and magnificent hotels, exhibits a degree of prosperity not before attained.

A great change has taken place in Boston during the last five years of our Directory experience. The number of names erased in that time is 48,147, and the number added is 56,207. It will be inferred that the collecting and arranging of nearly 40,000 names for each Directory must require some application. The labor, however, attendant upon it, is agreeably lightened by the ready co-operation of the inhabitants generally.

It will continue to be the endeavor of the Publisher to give to the Directory a character creditable to a large and prosperous city, equalled by few in its commercial advantages, and surpassed by none in the enterprise and integrity of its people.

B. W. DUNKLEE & CO.'S WARMING AND VENTILATING FURNACE.

Nine sizes; for Dwellings, School Houses, Stores, Churches, Halls, Factories, &c.

This Furnace has found its way among some of the most PRACTICAL and SCIENTIFIC GENTLEMEN OF OUR LAND, who fully believe that no Furnace extant can excel it in its POWER FOR WARMING, EFFICIENCY IN PURE VENTILATION, ECONOMY IN FUEL, DURABILITY OF STRUCTURE, CONVENIENCE OF ITS ARRANGEMENT, and PERFECTION OF PRINCIPLE. *Success attends wherever properly set.* Proofs are that MANY HUNDREDS of these are in operation in all parts of our own country, and in some parts of EUROPE, to which we are permitted to refer those who want the BEST Furnace made.

Ventilators; Hangers; Penrhyn Marble Mantles, Stone Chimney Pieces, and Pier Slabs; Parlor and Chamber Frame Grates; Registers; Cooking, Parlor, and Office STOVES. **B. W. DUNKLEE & CO., 111 & 113 Blackstone St., Boston.**

Chimney Pieces and Pier Slabs,

Manufactured of Stone, by the PENRHYN MARBLE CO. (Patented 1852.) These are new and beautiful articles, in imitation of the richest Marble, such as Lisbon, Italian, Pyrenese, Egyptian, Galway, Spanish, Sienna, Black, and others of the most rare and desirable kinds. In style and finish they stand unequalled; are very highly polished, retain their beauty much longer than common Marble, and are not injured by coal gas, smoke, or acids. They have been extensively introduced into public and private buildings, giving perfect satisfaction to those who have tried them. The best references and testimonials can be given, showing their adaptedness for general use. While much superior in appearance, they are sold cheaper than anything of the kind in the market. In fact, the confidence with which they have thus far been used, gives the fairest evidence that the Penrhyn Marble, by its many advantages, will in a great measure supersede the use of all other.

PIER SLABS and SHELVES for parlors, chambers, &c., together with Bronzed, Gilt, and other kinds of Brackets, of various patterns, furnished to order.

Architects, builders, and all others, are invited to examine them. Arrangements have been made for the supply of the trade. Samples may be seen at the Warerooms of the Company.

JOSEPH STORY, Treas'r,

No. 76 COURT STREET,

Corner of Howard, and opposite Hanover Street, (up stairs,) Boston.

STREETS.

The list of streets, courts, and places, will be found complete. In many cases, the numbers in the streets at which another street begins and terminates, are indicated.

There are several duplicate names of streets, courts, and places. The evil of several streets bearing the same name must be apparent, and ought to be remedied.

The numbers in some of the streets are very irregular, which is often a great inconvenience. In many of the streets, however, this evil has been remedied, the city having adopted a thorough and systematic plan of regulating the numbers, and taken effective measures for carrying the same into operation. This has met the general approval of the citizens. It is undoubtedly the design of the government to continue the reform of regulating the numbers in the streets until they are all thoroughly and systematically numbered.

The following streets have been re-numbered during the last year, viz.:

Andover	Charles	Hollis	Stillman
Beverly	Charlestown	Hull	South
Blackstone	Canal	Lancaster	Sheafe
Bridge	Devonshire	Lynde	Southac
Brighton	Friend	Mt. Vernon	Tileston
Commercial	Fleet	Medford	Utica
Court	Gouch	North Charles	Wall
Causeway	Hanover	Pitts	Warren
Cooper	Haverhill	Poplar	Washington, in part.
Cotting	Hawley		

It has been shown that the numbers of the streets can be regulated with comparative ease, and without the difficulty at first apprehended. The reform so successfully begun should be vigorously prosecuted to meet the wants and wishes of the public.

CITY REGISTRAR,

ARTEMAS SIMONDS. Salary, $1,200. Clerk hire, $850.

Office, City Building, 21 Court Square.

The Registrar is chosen in February or March, by the concurrent vote of the two branches of the city government. All births, marriages, and deaths, which take place in the city, are now required to be returned to this office, to be recorded, with such particulars in regard to each as the law requires.

It is important that this law should be strictly carried into effect; to the public, that the health and condition of the population may be known; and to every individual, that evidence may be furnished by the records of the three great events of life, birth, marriage, and death. Great personal inconvenience and pecuniary loss have often arisen from want of this evidence.

The city is canvassed in May, and again in January, in order to collect the proper information concerning children born during the year.

During the year 1852, five thousand three hundred and eight births were registered.

During the same year, the intentions of marriage of two thousand eight hundred and seventy-seven couples were entered, and certificates issued, and two thousand six hundred and eighty-six marriages were recorded.

Three thousand seven hundred and thirty-six deaths, which occurred within the limits of the City, during the same period, were registered.

BOARD OF TRUSTEES.

HON. EDWARD EVERETT, LL. D., President of the Board; GEORGE TICKNOR, LL. D., HON. JOHN P. BIGELOW, NATHANIEL B. SHURTLEFF, M. D., THOMAS G. APPLETON, ESQ., from the Citizens at large; Alderman SAMPSON REED; and GEORGE W. WARREN, ESQ., of the Common Council.

EDWARD CAPEN, Librarian.

Our patrons may remember that, in a concise notice of this institution, we last year expressed the opinion that it must mainly depend upon private munificence to secure for it a sure foundation and a permanent support. We take great pleasure, now, in saying that this has been extended from an unexpected quarter, and know of no better way to give our readers a just account of the present state of the Library, than by furnishing for perusal a short abstract from the letters conveying the donations.

Mr. Bates, of London, who began in this city the career which has raised him to eminence as a banker throughout the world, impressed, as he says, with the importance to the rising and the future generations, of such a Library as the Board of Trustees had recommended, though sure that, in a liberal and wealthy community like that of Boston, there would be no want of funds to carry out the plan, yet to accelerate its accomplishment and establish the Library at once on a foundation that will do credit to the city, with great pleasure contributes the sum of fifty thousand dollars for the purchase of books, and adds that he considers it but a small return for the many acts of confidence and kindness from his many friends in this city.

Hon. Jonathan Phillips, regarding the city as an illustrious parent, and her efforts to induce the highest cultivation of intellect and cherish a strict and wise regard for the union of law and liberty as among the principal features of her greatness, and as having conferred upon her a name and a praise throughout Christendom, gives, with unfeigned pleasure, in aid of her Public Library, the sum of ten thousand dollars towards the accomplishment of these efforts.

While we have citizens with such enlightened generosity we cannot doubt that the Public Library has before it a glorious future. Our City Fathers, in accepting their donations, have bound themselves by the strongest obligations to provide and always hereafter to maintain a suitable establishment for a Free Public Library.

The Trustees, we learn, are steadily pursuing a course which will enable them ere long to open this institution to the public. To collect, arrange and catalogue a number of volumes large enough to accommodate a city like ours with a Library, must require time. During the year they have nearly doubled the number belonging to it. The munificent donations above recorded, together with the liberal appropriation of the City Council, have placed in their hands the means, and having taken measures to appropriate them without delay, they will be able, by the close of of the present year, to gather quite a large and valuable collection of books upon the shelves in Mason street. It gives us pleasure to add that they have received donations of great worth from several of our citizens, to select from whose names would be invidious, while to mention all would add too much to this already extended notice.

ALIEN PASSENGERS.

ALBERT G. GOODWIN, SUPERINTENDENT FOR THE PORT OF BOSTON.

Salary, $1,500. Office, 59 Long Wharf.

REGULATIONS.

The laws of 1848 and 1850, in relation to Alien Passengers, being somewhat stringent in their operation, the last Legislature deemed it advisable to change or modify some of their provisions for the better protection of the Commonwealth. The following amendment was made concerning Alien Passengers.

The fifth section of the act entitled "An Act concerning Alien Passengers," approved on the tenth day of May in the year one thousand eight hundred and forty-eight, is hereby amended so as to read as follows:

If on examination there shall be found among said passengers any lunatic, idiotic, deaf and dumb, blind, or maimed person, no such person shall be permitted to land until the master, owner, consignee, or agent of such vessel shall make and deliver to said Superintendent a bond to the Commonwealth, with satisfactory sureties in the sum of one thousand dollars, conditioned that such passengers shall not within ten years from the date of said bond, become a city, town, or State charge within this Commonwealth. And in respect to every other of said passengers, the said Superintendent, before he shall be permitted to land, shall require a bond, secured as aforesaid, in the sum of three hundred dollars, conditioned that such person shall not become a charge as aforesaid within five years from the date of said bond; *provided*, however, that in lieu of the bond lastly above-mentioned the said Superintendent may receive from said master, owner, consignee or agent, such sum as in his judgment shall be sufficient to cover the risk incurred by the Commonwealth in permitting such passenger to be landed; and thereupon permit such passengers to be landed, *provided* that the sum so to be paid shall in no case be less than two dollars; and the names of all such passengers shall be certified by said Superintendent on the back of the report; *and provided further*, that if any passengers so arriving as aforesaid are so sick or destitute as to require relief, and if said master shall refuse to report them, or if said master, owner, consignee or agent shall refuse to give such bond as is herein required, the said Superintendent may permit them to be landed, and in such cases any city or town that shall be put to any expense for the support, sickness, or burial of any such passenger, within ten years of the time he has so landed, may maintain an action of debt against said master, owner, consignee, or agent, and recover all expenses incurred as aforesaid; and said commanding officer, owner, consignee, or agent, shall be liable to the penalties provided in the tenth section of this act.

Masters shall, within twenty-four hours after arrival, furnish to the Superintendent a list of the names, sex, occupation, condition, &c., of each passenger. No passenger shall be landed until such report shall have been made, and the proper examination made by the Superintendent.

Pilots and Masters of Vessels arriving with steerage passengers from Europe, are to anchor such vessels to the southwest side of Deer Island, until an inspection is made, and a permit given. No persons, except those allowed by law, will be permitted to go on board until the vessel is fully discharged by the proper officers.

Vessels arriving from any other ports with Alien Passengers on board must anchor to the eastward of the lines prescribed for the regulation of Boston Harbor, and there wait an inspection.

☞ Masters of Vessels will greatly facilitate business by having a correct *list* of all the passengers, before their arrival in port.

ALIEN PASSENGERS AND STATE PAUPERS.

An Act to appoint a Board of Commissioners in relation to Alien Passengers and State Paupers was passed by the Legislature, 1851, which contained the following sections:

SECT. 1. The Governor and Council shall, in the month of January, annually, appoint a member of the Council, who with the Auditor of Accounts of the Commonwealth, and the Superintendent of Alien Passengers for the city of Boston, shall constitute a Board of Commissioners to superintend the execution of such laws as are now in force, or may hereafter be enacted in relation to the introduction of Aliens into this Commonwealth, and the support of State Paupers therein.

SECT. 2. The Commissioners shall have authority to appoint one or more persons, whose duty it shall be to visit, at least once in every year, all the almshouses or places in the Commonwealth, where State Paupers are supported, and ascertain, from actual examination and inquiry, whether the laws in respect to such Paupers are properly regarded, particularly in relation to such as are able to labor, or are but partially supported by the respective cities and towns; and, in case any infractions of the laws are discovered, make immediate report thereof to the Commissioners, who shall examine and decide upon all such cases, and thereupon notify the Auditor of Accounts. The Commissioners shall also give such directions as will insure correctness, in the returns now required to be made in relation to Paupers, and may use such means as are necessary to collect all desired information in relation to their support.

SECT. 5. Any aliens or other persons who shall be brought into this Commonwealth as above specified, shall, if they fall sick, or from any cause become a public charge within one year after coming into the Commonwealth, be supported, so long as necessary, at the expense of said corporation or party by whose means they were brought into the Commonwealth, in the same manner as is now provided in regard to Alien Passengers by water; *provided, however*, that the party liable for support shall be notified of his liability, in any particular case, as soon as practicable, in order that he may, if so disposed, provide for other means of support or removal.

SECT. 6 The Commissioners shall annually, in the month of January, make a report of their doings to the Governor and Council, and shall therein make such suggestions in relation to the present or other plans for the support of Paupers, as may occur to them.

The undersigned, Commissioners authorized by law to carry the foregoing act into effect, respectfully give notice that the same will be enforced on and after June 23, 1851.

Every person or corporation bringing Aliens into the State, by railroad or other conveyances, as contemplated by the law in question, is requested to notice said law and comply with its provisions.

V. B. PALMER'S AMERICAN NEWSPAPER AGENCY.

OFFICES:

BOSTON: Scollay's Building, Court Street.—**NEW YORK:** Tribune Buildings.
PHILADELPHIA: N. W. corner of Third and Chestnut Streets.

Affords every facility for the transaction of business with the best and most widely circulated Journals of all the Cities and principal Towns in the United States, British Provinces, &c., &c.

THE AGENCY presents a convenient and complete opportunity for publishing Advertisements in any number of *the best and most widely circulating Newspapers* of the different cities and towns throughout the whole country, at the publisher's lowest rates, with the least possible trouble to advertisers, and with the greatest despatch.

By this method the advertiser is spared the labor of corresponding with the several papers, the expense of postage, and much time and perplexity in the settlement of bills. Besides this, he can know when his account *is* settled, and no apprehension need be entertained of the too common annoyance of bills being presented, after having been *once* paid.

Through the Agency a circumspect and discriminating choice of places, and the best selection of papers can be had, suitably adapted to various business pursuits—enabling persons to advertise judiciously, effectively, and safely.

Copies of the best Newspapers in the United States may be seen and examined at the Agency, their respective merits understood, and a complete system of advertising adopted, upon either a large or small scale.

Advertisements are carefully and skilfully written, without charge, for those who are not experienced in the art—and improvements suggested in such as are written by unpractised hands.

A single copy of an advertisement only is required, from which a sufficient number are printed in such style as advertisers wish to have them appear in the papers, which insures correct insertions.

Copies of papers containing advertisements are forwarded to advertisers, and all requisite information given.

A list of places, papers, terms, and prices, may be had at the Agency, without charge.

The Agent is authorized to make contracts, and his receipts are regarded by the proprietors as payments. His long experience and extensive agency qualify him to impart valuable practical information.

As he has no connection with any other person, orders should be directed to V. B. PALMER.

The Agent believes that the *material* affairs of business transactions must be aided and sustained by a proportionate exercise of *intellectual energy*; and that this *intellectual energy* should keep pace with the facilities by which the *material* affairs of business are advanced. Every one is now obliged, if he would keep pace with the times, to aid his physical exertions in trade, or whatever business he may be engaged in, by due recourse to those means by which his business, trade, or profession, may become generally known. This is the *intellectual* part of his business, and the press is the medium through which it must, at the present day, be developed. Newspapers, now-a-days, are diffused far and wide; they are read by all, and are the vehicle by which men and establishments become generally known. As yet, this engine of intelligence has not attracted attention commensurate with contemporary improvements, simply because the *material* of business is more palpable and tangible; but the power of the press will yet be acknowledged as equal to that of steam for the furtherance of business enterprise.

☞**To Public Institutions, Reading Rooms, Clubs, &c., as well as to individuals, in all parts of the world, the Agency presents a convenient, safe, and ready means of subscribing for the best Journals of the Union, advertising in any number of the most desirable business Newspapers, and obtaining valuable information.**

Remittances may be made from any section of the country, with entire assurance that all orders will be faithfully and promptly attended to. Address V. B. PALMER, *Newspaper Agent*, BOSTON: *Scollay's Building, Court Street.*—NEW YORK: *Tribune Building.*—PHILADELPHIA: *N. W. corner of Third and Chestnut Streets.*

NOTICES OF THE PRESS.

V. B. PALMER'S NEWSPAPER AGENCY.

This old established agency continues to enjoy the full confidence of the press and the public. Whatever is intrusted to Mr. P. or his agents, is promptly attended to, and, as the press is under very great obligation to him, we are happy to know that he is enjoying the unlimited confidence, as he deserves the good wishes of those whom he has so long and so faithfully served.—*Albany Evening Journal.*

From an intimate acquaintance with Mr. Palmer, we are prepared to say that any business connected with the Agencies which he advertises, will be both promptly and honorably transacted. In the matter of Newspaper Agencies, he has reduced the business to such an admirable system that all parties can hardly fail to be satisfied.—*New York Daily Tribune.*

Palmer's enterprise, accompanied as it is with untiring industry, clear-sightedness, indomitable energy, and unwavering perseverance, deserves the reward which we have never doubted he would eventually receive.—*Phila. Ledger.*

Mr. Palmer has, by dint of great energy and indefatigable industry, succeeded in organizing this agency, and accomplishing, by means of it, objects that were deemed altogether chimerical when it was first commenced. His success has raised up a number of imitators, who now advertise Newspaper Agencies in the Eastern cities. Mr. Palmer is no way connected with any of these. Having the most unlimited confidence in his capacity and integrity, he is fully authorized to make all necessary contracts as agent for this paper. We wish it to be distinctly understood, that we have no other agent in any of the cities of New York, Philadelphia, or Boston, and that all inquiries relative to such contracts, coming from these cities, even although directed to ourselves, will be referred to his agency.—*Louisville Democrat.*

Mr. Palmer is, we believe, entitled to the credit of originating and establishing, upon a general scale, in this country, this new and important public convenience, and we doubt not that its advantages will be duly understood and appreciated, and the enterprise by which they are afforded fairly rewarded.—*Baltimore Sun.*

We commend the old and well-established agency of Mr. V. B. Palmer. His business relations extend to nearly the entire press of the country.—*Buffalo Currier.*

V. B Palmer is our only authorized agent in Boston, New York, and Philadelphia, and we shall not accept of any advertisements coming from other persons We would here say to – , of ——, if he will pass his advertisement into our agent's office, and he says it is "all right," we will insert it according to order. If not, do not trouble us again.—*Elmira (N. Y.) Democrat.*

CAUTION TO THE PUBLIC.

☞ To prevent imposition by pretending and unauthorized persons who infest some of the Atlantic Cities, many of the best papers in the United States and Canada have repeatedly given notice that V. B. PALMER is their *only authorized Agent.* The papers are on file at the Agency, and contain the following notice:—

"V. B. PALMER, the American Newspaper Agent, is the **only Authorized Agent** for this paper in the Cities of Boston, New York, and Philadelphia, and is duly empowered to take Advertisements and Subscriptions at the same rates as required by us. His receipts will be regarded as payments."

ADVANTAGES TO ADVERTISERS.

☞ In S. M. Pettengill & Co's Advertising Agency, much time, trouble, and *expense* are saved the advertiser :

First. By selecting papers of the largest circulation, and best adapted to the business of the advertiser.

Second. By making out the price of the advertisement for the length of time before sending it, so that the advertiser will know the exact amount of his bill when due.

Third. By seeing that each advertisement is inserted in the manner stipulated, and sent promptly.

Fourth. By sending the advertiser one copy of each paper containing the advertisement, and filing each paper, so that it can be seen at any time, at their offices.

Fifth. The prices of advertising will be the same as are charged to large customers at the offices of publication, and will be less than are generally charged to those whose responsibility is unknown.

Sixth. Practical information respecting the value of different mediums for advertising, will be cheerfully communicated, and assistance rendered without charge.

Seventh. The bill is to be settled with the agents; and their receipts are regarded as payments by the publishers, and an account is kept only with them.

Eighth. The agents give their personal attention to business.

MEDFORD BRANCH RAILROAD.

Trains run to and from Medford, a distance of 5 miles, eight times a day each way. Fare, 15 cents. Time, 15 minutes. Season Tickets, $30 a year. This is a beautiful village, and a desirable place for summer residence.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, Malden, Melrose, South Reading, and Reading, towns within the range of the special, as well as the longer trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of the fare, the number of trains, both early and late, in connection with the convenient depot at Boston, render this railroad a desirable channel of intercourse between the city and country. That the advantages of these places are appreciated is evident from the increasing demand for residences on this route, the demand for house lots, and the steady rise in the value of the land.

The Treasurer's Report for the year ending May 1st, shows the Company to be free of debt, and its financial affairs to be in a prosperous condition. The valuation of the land and other property of the East Boston Company, May 1st, 1853, amounted to $1,223,079.66. The above property is represented by 20,000 shares of stock

During the past year two wharf lots were disposed of located on No. 4 dividend, and seven remain unsold, of 100 feet front each. New streets have been graded and accepted by the city, a schoolhouse has been erected, and Central Square has been laid out and enclosed. Two extensive ship yards have been fitted up and are now in full operation. A Dry Dock has been opened, which must prove of great advantage to the shipping interest of Boston.

There has also been erected during the year in the different Sections, seventy-five dwelling houses, fourteen stores, warehouses and workshops, two churches, a saleratus factory, and four stables; besides several small buildings, such as barns, &c., which are never included in our returns of buildings, making the total number of buildings on the Island at this time, 1768, of which 1417 are dwelling houses.

The *resident* population, so far as ascertained, is at this time about 18,000. In addition to this number, about a thousand mechanics and laborers find employment in East Boston, who reside elsewhere.

The manufacturing and mechanical business of East Boston has increased very rapidly within the last two years, and we may with safety add 40 per cent. to the amount shown by the statistics in our Report of 1851, which was taken at the time with great care and accuracy, and amounted to $5,000,000 per annum. The greatest increase in any one particular branch of business, has been in that of ship building. The number of vessels built the last year, including those now on the stocks, is 28, and their aggregate tonnage, 33,459.

Erected 1845–6, costing nearly $250,000. Located on Tremont Street, between Court and School Sts. This Museum is the largest, most valuable, and best arranged in the United States. It comprises no less than SEVEN DIFFERENT MUSEUMS, to which has been added, the present year, besides the constant daily accumulation of articles, one-half of the celebrated PEALE'S PHILADELPHIA MUSEUM, swelling the already immense collection to upwards of HALF A MILLION ARTICLES, the greatest amount of objects of interest to be found together at any one place in America; and an entirely NEW HALL OF WAX STATUARY, *one hundred feet in length*, completely filled with WAX FIGURES.

In addition to the attractions, and *without extra charge*, visitors are admitted to the gorgeous Exhibition Hall, where they can witness the magnificent THEATRICAL ENTERTAINMENTS, given every evening, and Wednesday and Saturday afternoons, by a company of comedians and an orchestra of musicians, admitted to be *superior* to any ever before collected in this country, with the aid of STAGE AND SCENIC ARRANGEMENTS, the most grand and superb ever seen in either Europe or America! thus warranting the universal admission that the Boston Museum, besides being the most comfortable and genteel, is also the CHEAPEST PLACE OF AMUSEMENT IN THE WORLD.

MANUFACTURERS OF WARRANTED

CAST STEEL SAWS

Of every Description, Wholesale and Retail,

No. 36 CONGRESS STREET,

BOSTON.

Tri Squares, Curriers' Blades, Slickers, Scrapers, and Springs.

Bells. Bells. Bells.

The Subscribers Manufacture and keep constantly on hand all sizes of

Church, Factory, Steamboat, Ferry, Locomotive, School House, and Plantation

BELLS.

These Bells are hung with the Patent Iron Yokes, with movable arms. They can be turned around so that the clapper will strike in a new place, which is desirable after a Bell has been rung a few years. Springs are affixed in a new way to prevent the clapper from resting on the Bell, thereby prolonging the sound. These Bells are manufactured from the BEST stock, and are cast in iron casings. At this Foundry these were FIRST used, and are found to be a great improvement.

We give a written warrantee that if Church Bells break within one year from date of purchase, with fair usage, we will recast without charge. The tone of all Bells is warranted.

Nearly 9000 Bells have been cast and sold from this Foundry, which is the best evidence of their superiority. We have fifteen Gold and Silver Medals, awarded from the various Fairs "for the best Bells for sonorousness and purity of tone."

We pay particular attention to getting up Peals or Chimes, and can refer to those furnished by us.

Our Foundry is within a few rods of the Hudson River, Erie Canal, and Railroads running in every direction. As this is the largest Establishment of the kind in the United States, and has the LARGEST ASSORTMENT OF BELLS, orders can be filled with great despatch. We can refer to Bells in any of the States. Old Bells taken in exchange for new ones.

Levels, Compasses, &c., constantly on hand.

It is admitted—as certificates from hundreds of our best known citizens show—that no specific has ever been offered to the public, of equal value and benefit, with

DR. BLAKE'S AROMATIC BITTERS.

These celebrated "BITTERS" seldom, if ever, fail to confer lasting relief upon all who are afflicted with Liver Diseases, Dyspepsia, Costiveness, Indigestion, Languor, Loss of Appetite, General Debility, &c. Thousands in this city can attest their merits.

The "Bitters" are composed of simple ingredients, and are perfectly harmless. They are agreeable to the taste, and may be administered with equal safety to children and adults. They are a delightful tonic, tending to **invigorate the system, strengthen the stomach, purify the blood, and impart a vigorous, healthful action to the Liver.**

For cases of Ship Fever, Sea Sickness, Bilious Colic, &c., the "Bitters" are a sure relief. Every ship and hotel medicine chest should be provided with this invaluable specific, and no family should be without it, as it is in many cases cheaper and more effective than a physician.

The "Bitters" are a certain annihilator of all prevalent "Spring Fever."

THE LODI MANUFACTURING CO.

OFFER FOR SALE THEIR NEW AND IMPROVED

POUDRETTE AND FERTILIZING POWDERS,

For Evergreens, Flowering Plants, and Shrubs,

At their usual rates, viz.: for Poudrette, $1.50 per barrel, for any quantity over seven barrels; and $2.00 per barrel for Fertilizing Powders, and $1.00 per half barrel. Delivered free of expense on board of any vessel or Railroad line in the city. Address the LODI MANUFACTURING CO.,

No. 74 Courtland Street, New York.

This Poudrette has been strongly recommended by many of the first Farmers in the Country. It is the cheapest and best manure for raising a crop of Corn in the world; $3.00 worth will manure an acre of Corn, and will bring a heavier crop, a quicker growth, and an earlier maturity than other manures. It is also used upon Garden Vegetables and Green Lawns with great effect, and as such has received the approbation of many of the first Cultivators and gentlemen in the vicinity of Boston, New York, and Philadelphia. Among others, A. J. Downing, Hon. Daniel Webster, Hon. J. P. Cushing of Watertown, F. Tudor, Esq., &c., &c. The Fertilizing Powders are exceedingly beneficial to the growth of Evergreens, Ornamental Trees and Shrubs. A Pamphlet, containing directions, certificates and information, may be had on application by mail or otherwise.

ARTISTS'
Daguerreotype Rooms.

SOUTHWORTH & HAWES,

5½ TREMONT ROW,

Invite the attention of those desirous of procuring Daguerreotypes, to the size and variety of their pictures, their artistic finish, the suitable arrangement of light to all faces and complexions, and its adaptation to the eye, giving its true and pleasing expression.

Having been for nearly fourteen years engaged in perfecting their knowledge of the art, they are familiar with every process, style, and effect known, and have, in their rooms, specimens made six years since, superior to any shown elsewhere. In addition to their former FIRST PREMIUMS, they have just been awarded

TWO SILVER MEDALS,

And their DAGUERREOTYPES have been pronounced superior to any exhibited at the WORLD'S FAIR, by several visitors, and by the AMERICAN COMMISSIONER.

New Exhibition of Art.
THE STEREOSCOPE.

MESSRS. SOUTHWORTH & HAWES have affixed the name of "THE PARLOR OR GALLERY STEREOSCOPE" to their new apparatus. It may be made as ornamental as a piano-forte, (perhaps more so,) and in its general form somewhat resembles it. It may contain any number of different Daguerreotypes perfectly arranged, requiring only the turning of a wheel to change places, which can easily be done by a child. The whole thing is compact and elegant, being a complete PICTURE GALLERY in itself. The light of any window is sufficient, and a good lamp or gas light serves equally well. Its simplicity renders it not likely to get out of repair. This apparatus is surely destined to become the ornament of the Parlor, of the Picture Gallery, and Exhibition Room. The public can at once appreciate it on examination, both its use and its value. It is applicable to everything that can be daguerreotyped. THE SINGLE LIKENESS—THE FAMILY GROUP—THE DAGUERREOTYPE OF THE STREET—OR LANDSCAPE—OR DWELLING—INTERIOR VIEWS—COPIES OF STATUARY—MODELS—MACHINERY—SHIPPING,—indeed, almost everything that can be thought of for a Picture.

The Parlor and Gallery Stereoscope (the only one yet made) is now on exhibition at the "ARTISTS' DAGUERREOTYPE ROOMS," 5½ Tremont Row, opposite Brattle Street. A spacious Room has purposely been fitted up, making in addition to the usual exhibition, the largest and finest display of Daguerreotypes ever shown. Visitors will be sure of a rich treat.

A large list of names, interesting to the public, might be mentioned, whose likenesses are on exhibition; but as it is not so much our design to exhibit faces as specimens of all the various pictures of which the art is capable, we think it unnecessary to advertise every "official" or distinguished character who visits us.

MESSRS. SOUTHWORTH & HAWES would gratefully acknowledge the many favors of their friends and of the artists and lovers of art in Boston and vicinity. It is with great satisfaction and perfect confidence, that they are again able to invite them to an examination of the last most wonderful and most beautiful improvement in Daguerreotypes; the transformation of shadows into substance,—the change of pictures upon a plain surface into statuary and solidity.

The Proprietors of these Rooms also take great pleasure in offering for exhibition an apparatus so elegant in its form and proportions, so compact and durable in its machinery, and so appropriate for the **FAMILY PARLOR OR PICTURE GALLERY.** It is new in every respect—newly invented machinery by ourselves—our own design in form, and our own new application to an entirely new discovery, and we know that it will give to all lovers of mechanical ingenuity—to all lovers of beauty and art—new and exquisite pleasure to examine it.

SPENCE'S VENTILATOR,

(PATENT APPLIED FOR.)

A NEW THING.

This is not placed on top of the chimney, and does not require a separate flue running to the top of the house. It leads directly from the Room to be ventilated into a common Smoke Flue, without obstructing the draught. No Furnace is complete without some such arrangement, and no house should be without it.

SPENCE'S

HOT AIR FURNACE.

Patented 1852.

In getting up this Furnace, our design has been to embody all former improvements, and in addition to these secure the greatest possible economy, both in the amount of *Space* occupied, and the amount of *Coal* consumed. This is done by arranging a very Long Draught immediately around the Fire Chamber. In moderate weather the Furnace operates like an Air Tight Stove, and in cold weather the heat is increased at pleasure.

Also arranged on the same principle,—

SPENCE'S WOOD FURNACE,

Patented 1852.

And

SPENCE'S PORTABLE FURNACE.

Both very superior articles, and surpassed by nothing in the market.

SPENCE'S

HOT AIR AND COOKING RANGE.

PATENTED 1852.

Both the direct and indirect draughts of this Range pass around the oven. The Indirect, or Baking draught, is carried over *five sides* of the oven, it is doubled over four of these sides and passes over the whole of the fifth side. This long draught is self-sustaining and sure. And the longer the draught the less the fuel required for Baking. Water Backs and Hot Air Fixtures attached at pleasure.

Our Ventilators, Furnaces, and Ranges all receive the approval of the most competent judges, both scientific and practical men, as the best of references will show: and each one of these articles is warranted to give satisfaction to the purchaser.

The very best specimens of Grates, Stoves, Mirror Mantles, Marbleized Iron Chimney Pieces, &c., &c., may be found at our Warehouses,

MAYNARD & NOYES'

BLACK WRITING INK,

FOR METALLIC OR QUILL PENS.

The manufacture of this Ink was established in 1816, and the quality has now been tested by the public for THIRTY-FIVE YEARS. During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation, are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it twenty and more years, express themselves in one manner concerning its superior excellence, it is quite evident that no one *need* be troubled with *bad* Ink.

Bank of State of North Carolina, Raleigh, March 4, 1847.

Messrs MAYNARD & NOYES: Gentlemen,—Your Writing Ink has been in almost constant use by the officers of this banking house for the last *fifteen years*, and has always been preferred to any other brand. *It flows freely from the pen, and does not mould; and the color though sometimes pale when first opened, becomes a beautiful permanent black.* I have been a regular consumer of it myself during this time, excepting when curiosity has led me to make trial of other kinds, and take pleasure in being able to speak so favorably of it, and trust that my opinion, founded on such long experience, will induce many who may not be so well acquainted with its merits to give it a trial.

Yours, respectfully, C. DEWEY, Cashier.

Messrs. MAYNARD & NOYES: Gentlemen,—We are happy in being able to say, that we entirely concur in the opinion expressed above of your Writing Ink, by Mr. Dewey, the Cashier of this Institution.

Respectfully yours, DUNN CAMERON, Pres.
S. W. WHITING, Teller,
D. DUPRE, Bookkeeper.

Boston, January 10, 1848.

Messrs. MAYNARD & NOYES: Gentlemen,—It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first rate article*, and cheerfully recommended it to others. It *flows freely* from the pen, and increases in blackness after being committed to paper, and the color is *durable*. I know of no Ink equal to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.
Principal of Writing Dep. Hancock School.

Office of Merchants' Ins. Co., Boston, Nov. 18, 1847.

Messrs. MAYNARD & NOYES: Gentlemen,—I have used your Writing Ink for the last sixteen years. In 1840, I gave you a certificate of its excellence, and having continued its use ever since to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is, in all respects, the best Ink I have ever used.*

GEORGE HOMER, Secretary.

Registry of Deeds, Boston, Nov. 20, 1847.

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the Recording of Deeds, &c., the past *twenty-five years*, and having found it to suit my wishes and purposes entirely, take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office, I am satisfied it is superior to any I have used, and consider it particularly adapted for all purposes where *permanency of color is requisite or desirable. It flows well from the pen, and does not mould; and my oldest records prove its color to be unalterably black.*

HENRY ALLINE, Register of Deeds.

Boston Post Office, Dec. 4, 1851

Messrs. MAYNARD & NOYES: Gentlemen,—In 1843 I certified to the superior quality of your Writing Ink. I have continued to use it ever since that time, and take pleasure in expressing as I then did my entire satisfaction with it. It has now been used in this office more than twenty years Other Inks have during that time been tested, but yours has been in every instance preferred. For *fluidity, blackness, and permanency, none has been found equal to it.*

GEORGE WM. GORDON, Postmaster.

Bowdoin School, Boston, Dec. 10, 1851.

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School during the last twenty-four years, and feel pleased in being able to express the same favorable opinion of it that I did ten years ago. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink. It has given me such entire satisfaction for so many years, that I can strongly recommend it to all of my profession, who so much need a first rate article of writing liquid.

JAS. ROBINSON, Writing Master.

Boston, Dec. 2, 1851.

Messrs. MAYNARD & NOYES: I am pleased in being able to say that longer experience in the use of your Ink, and the occasional trial of other kinds, have confirmed the good opinion I some years since expressed concerning it. I have used it in my weekly preparations for the pulpit twenty-one years, and have found it suit my wishes *entirely*. Its peculiar excellence is that it becomes *blacker by age*, at the same time it *flows easily* from the pen, and is sufficiently dark to make what is written easily to be read *immediately* after it has been committed to paper.

Yours respectfully,
G. W. BLAGDEN, Pastor Old South Ch.
